

## A.R.C. DISTRIBUTORS

#1295 Combination IV rod holder and oxygen tank holder fits almost any wheelchair. Maximum IV rod height extension is 30 inches.

#14 IV rod holder designed for use on a reclining wheelchair. IV rod holder remains in a stationary position regardless of the wheelchair back position. Maximum IV rod height extension is 30 inches.

Overhead anti-theft loop prevents folding the wheelchair. Because of the height, 77 inches above the floor, the overhead hoop deters theft and increases the visibility of the wheelchair. Available for almost all wheelchair seat widths, each overhead hoop includes two IV hangers. Optional oxygen tank holder is also available.

#12 Oxygen tank holder fits almost any wheelchair. Lock knob holds cylinder securely in place.

#95 IV rod holder fits almost any wheelchair. Maximum IV rod height extension is 30 inches.

#1296 Anti-theft hoop/IV holder fits wheelchair seat widths from 16" to 20".

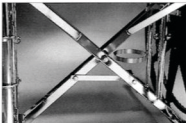

#1297 Anti-theft hoop/IV holder fits wheelchair seat widths from 20" to 24"

#1298 Anti-theft hoop IV/oxygen holder fits wheelchair seat widths from 16" to 20".

#1299 Anti-theft hoop IV/oxygen holder fits wheelchair seat widths from 20" to 24".

#13 Oxygen tank holder designed for use on a reclining wheelchair. Holder is positioned not to interfere with the wheelchair back when reclined.

#84 Anti-fold attachment bolts to both cross braces to prevent folding the wheelchair.
